**GJ CRI**, in cooperation with the **City of Grand Junction**, is happy to provide residents with this recycling option. The West Avenue drop off offers convenience for city and county residents without curbside service and city curbside customers with that occasional over abundance of material.

**Please help keep the drop off an option!** The West Avenue drop off produces, by far, the greatest amount of **budget busting “trash”** of all our services. If we are to continue offering the drop off option, we ask that all users review and comply with the requirements listed in this publication.

**The Recycling Drop off is not for trash disposal!** Please remove and discard lids, plastic and styro-foam packing material, plastic bags, and other trash prior to bringing it to the center or be prepared to take it away with you when you leave.

**Household hazardous waste, electronic equipment, construction debris and yard waste are not accepted at the West Avenue Drop**

For a minimal cost of \$1.75 per month, monthly *Curbside Recycling* service is available to residents living in single family units (including bi-, tri-, and four-plex housing units) within the city limits of Grand Junction. Phone us for details and to arrange service.

***Commercial pick up recyclables is also available.***

*Curbside Recycling Indefinitely, Inc. (GJ CRI)* is a locally owned private company, in partnership with the City of Grand Junction.

Please refer all questions about the West Avenue Drop Off and the Curbside Recycling Service to GJ CRI directly.

#### ***Our Gecko Logo***

The Gecko is a harmless creature and yet the most vocal of all its kind.
