

# **“MINI” GUIDE FOR *RECYCLING* “HARD-TO-RECYCLE” ITEMS**

Welcome to Curbside Recycling Indefinitely, Inc.’s *guide to recycling “hard-to-recycle” materials*—those items that typically end up in a landfill (and shouldn’t be there!). This is designed for the committed recycler like you who is willing to go that extra mile to recycle everything you can. With efforts like yours, we’re keeping more resources out of landfills, preventing toxins from entering our soil and groundwater, and preserving natural resources for generations to come. Some items are still “hard-to-recycle” and at this time non-recyclable. But hopefully some of these tips will help you to clean out your storage space, closets or that junk pile by the shed. *Save landfill space and do the right thing!*

## **APPLIANCES, SCRAP METAL,**

### **CARS**

#### ***Western Metals Recycling***

645 4th Ave 242-9500

They pay you for recycling your old junk.  cartridges

## MOTOR OIL

Many auto parts & auto repair busi-  
 nesses accept used motor oil to be re-  
 refined & used again. If the U.S. re-  
 cycled all of its motor oil we'd save  
1.3 million barrels of oil per day!  
 Locally, used oil can be dropped off  
 at:

### **Autozone**

2848 North Ave 243-3111

2522 1/2 Hwy 6&50 255-9957
